| Covered Services are reimbursed based on the Allowable Charge. Blue Cross and Blue Shield of Nebraska (BCBSNE) In-network Providers have agreed to accept the benefit payment as payment in full, not including Deductible, Coinsurance and/or Copayment amounts and any charges for Noncovered Services, which are the Covered Person's responsibility. That means In-network Providers, under the terms of their contract with BCBSNE, can't bill for amounts over the Contracted Amount. In some situations, Out-of-network Providers can bill for amounts over the Out-of-network Allowance. All Covered Services must be Medically Necessary and may be subject to the Plan's medical criteria. |                               |                                  |
| <b>In-network Provider:</b> The provider network is shown on your I.D. card. For help locating In-network Providers, visit <a href="http://NebraskaBlue.com/DoctorFinder">NebraskaBlue.com/DoctorFinder</a> . For certain Durable Medical Equipment, Independent Laboratory and Specialty Drug Services, the Doctor Finder may display providers that are considered Out-of-network for these types of Services. Refer to your benefit book for additional information.                                                                                                                                                                                                                              |                               |                                  |

| In-network and Out-of-network Deductible and Out-of-pocket Limits cross accumulate. All other limits (days, visits, sessions, dollar amounts, etc.) cross accumulate between In-network and Out-of-network, unless noted differently. Day, session or visit limits for certain Services shown on this summary are not applicable to Mental Health and/or Substance Use Disorder Services. Once the annual Out-of-pocket Limit is reached, most Covered Services are payable by the plan at 100% for the rest of the Calendar Year.                                                                                                                                                                   |                               |                                  |
| *Embedded – If you have single coverage, you only need to satisfy the individual Deductible and Out-of-pocket Limit. If you have family coverage, no one family member contributes more than the individual amount. Family members may combine their covered expenses to satisfy the required family Deductible and Out-of-pocket Limit.                                                                                                                                                                                                                                                                                                                                                             |                               |                                  |
